1. Do you support or oppose the Water Authority of Dickson County building a wastewater plant and pipeline in East Hickman with the effluent (treated wastewater) flowing into Lick Creek?
 - a. Support
 - b. Oppose any wastewater plant or pipelines should be for the benefit of the residents of Hickman County with the treated wastewater being released into the Duck River, which is where several wastewater plants release treated wastewater into.

2. Which of the following choices best describes your attitude toward housing and industrial development in Hickman County?
 - a. Hickman County's community culture and rural lifestyle is in jeopardy. Hickman County does not need further development that will impede on the rural lifestyle, burden taxpayers, and damage existing infrastructure.
 - b. Hickman County should thoughtfully manage their own development that prioritizes the overall impact on citizens of Hickman County. Growth is inevitable, but it should be planned by and for the People of Hickman County
 - c. Outside developers should be welcome in Hickman County if they are willing to develop relationships within the community while communicating the impacts (positive/negative, indirect/direct) potential development projects would have on the community.
 - d. Hickman County's economy is interwoven with our neighboring counties. Neighboring counties are welcome to come to Hickman County to assist with our growth.

3. Would you support legislation to create a more transparent process of communicating development plans that would directly impact your constituents?
 - a. Support The people of Hickman County deserve to know what is going on in the county that involves any county office or department. Officials are making decisions that impact our everyday lives and we the people have a right to be informed from beginning to end.
 - b. Oppose

4. When awarding development contracts, the county government should prioritize public input and transparency, especially when projects directly affect the safety, welfare, and culture of the community.
 - a. Completely agree

- b. Somewhat agree
- c. Neutral
- d. Somewhat disagree
- e. Completely disagree

5. I believe we should prioritize preserving our environment and lifestyle over selling out to potentially lucrative and/or devastating growth opportunities.

- a. **Completely agree**
- b. Somewhat agree
- c. Neutral
- d. Somewhat disagree
- e. Completely disagree

I will say though we can build our local economy and still preserve our environment and lifestyle. Growth is inevitable, but the people should have a say in development so that we can preserve our environment and lifestyle. Growth is not selling out if it is done properly and thoughtfully and transparently. With growth there are benefits for the people of Hickman County, but growth should not be at the devastation of the people, the environment or the lifestyle.
